

# Belts

CE restraint belts feature side attachment points for a support lanyard and are equipped with three tool bag buckles. The size is easily and quickly adjusted by a single set of loops. The belt is held in place with plastic loops. They can be combined with any harness from our range, using belt loops, making a fully integrated belt-harness solution.

## Safety Belt CE06

### EN358

- Two wide easy access forged steel fastening buckles of 60mm.
- Large comfortable foam backpad.
